NOTICE DATE: January 24, 2017

SUBJECT: Public meeting set to discuss disposal of dredged material in the City of Milwaukee

MEETING LOCATION: The Wisconsin Club Country Club (formerly Brynwood)
6200 West Good Hope Road
Milwaukee, Wisconsin 53223

MEETING TIME: Feb. 6, 2017 4-5 p.m.

CONTACT: Gerald DeMers, 414-263-8594

The Department of Natural Resources will hold a public meeting to discuss the following proposal:

- Remove dredged material (solids removed from the bed of any surface water) from five ponds in the upper reach of Lincoln Creek and located within the property owned by the Wisconsin Club Country Club, and
- Place the dredged materials on land that is also owned by the Wisconsin Club Country Club that is between 1,000 and 1,600 feet from the five ponds.

The receiving property is located in the City of Milwaukee.

The Wisconsin Club is planning on removing accumulated sediment from five ponds within the country club. A total of 17,700 cubic yards of materials are proposed to be dredged from the ponds. The concentrations of contaminants in the sediments have been analyzed. The dredged materials will be placed in a berm on land that has been used as a maintenance area by the country club, and the berm will have a height of approximately 15 feet and 5:1 (horizontal to vertical) side slopes. Six inches of topsoil will be placed over the dredged materials, and the berm will be vegetated. Erosion control will be provided in accordance with City of Milwaukee requirements.

The meeting will be held on Monday, Feb. 6, 2017 at 4 p.m. at the Wisconsin Club Country Club located at 6200 West Good Hope Road, Milwaukee. The meeting will begin with a presentation outlining the proposal. Staff with the Department of Natural Resources and the Wisconsin Club will be on hand to answer questions and take comments.

The Department is required under s. 289.54(2), Wis. Stats. to hold a public meeting to describe the nature of the requested disposal and solicit public comment before it can approve a request to dispose of dredged materials. Interested citizens who cannot attend are encouraged to call or write with questions or comments to Gerald DeMers, DNR Milwaukee Headquarters, 2300 North Martin Luther King Jr Drive, Milwaukee, Wisconsin 53212, telephone (414)263-8594, or email gerald.demers@wisconsin.gov. All comments must be received by February 8, 2017.
